APPROVAL
FOR THE USE OF THE SATAjet RP AND THE SATAjet RP Digital 2 SPRAY GUNS
IN MOTOR VEHICLE AND MOBILE EQUIPMENT REFINISHING OPERATIONS
SUBJECT TO DISTRICT RULE 67.20

The San Diego County Air Pollution Control District (District) has reviewed your Application No. 980768 for the evaluation of the SATAjet RP and SATAjet RP Digital 2 spray guns for use in motor vehicle and mobile equipment refinishing operations in San Diego County. Based on the submitted test protocol, collected test data, and test evaluation report, it has been determined that SATA Farbspritztechnik GmbH & Co KG has followed District Rule 67.20(g)(9) spray equipment transfer efficiency test protocol requirements. It has also been determined that the SATAjet RP and SATAjet RP Digital 2 spray guns satisfy the requirements of District Rule 67.20(d)(5)(vii) and has the potential to achieve a transfer efficiency that is at least equivalent to a High Volume – Low Pressure (HVLP) spray gun in Motor Vehicle and Mobile Equipment Refinishing Operations.

Therefore, the SATAjet RP and SATAjet RP Digital 2 spray guns are approved for use in operations subject to District Rule 67.20 contingent upon the following conditions:

1. This approval is valid only for the SATAjet RP and SATAjet RP Digital 2 spray guns.
2. This letter shall serve as written approval from the San Diego County Air Pollution Control Officer (SDAPCO) that use of the SATAjet RP and SATAjet RP Digital 2 spray guns are approved only for coating operations subject to District Rule 67.20 Motor Vehicle and Mobile Equipment Refinishing Operations.
3. SATA Farbspritztechnik GmbH & Co KG shall provide a copy of this written approval to every individual and business purchasing the SATAjet RP and SATAjet RP Digital 2 SATA spray guns for use in the San Diego County Air Pollution Control District (SDAPCD).

4. This approval is only valid if the air inlet pressure supplied to the SATA spray gun is equal to or less than 35 psig. SATA Farbspritztechnik GmbH & Co KG shall provide written notification to every individual and business purchasing a SATAjet RP or SATAjet RP Digital 2 spray gun and conducting business in the SDAPCD that the maximum air inlet pressure supplied to the spray gun shall not exceed 35 psig.
5. SATA Farbspritztechnik GmbH & Co KG shall attach to all SATAjet RP and SATAjet RP Digital 2 spray guns sold or distributed in the San Diego County Air Pollution Control District an unobstructed, permanent label specifying that the maximum operating inlet pressure shall not exceed 35 psig.
6. SATA Farbspritztechnik GmbH & Co KG shall supply, to every individual and business purchasing the SATAjet RP or SATAjet RP Digital 2 spray gun and conducting business in San Diego County, a spray gun mounted air micrometer and pressure gauge that clearly identifies the maximum allowable spray gun inlet air pressure of 35 psig. SATA Farbspritztechnik GmbH & Co KG shall also provide written notification, to every individual or business purchasing the SATAjet RP or SATAjet RP Digital 2 spray gun and conducting business in San Diego County, stating that whenever the spray gun is in operation, the spray gun mounted air micrometer and pressure gauge shall be attached to the spray gun and shall be in good working condition.

This is not a Permit to Operate.

If you have questions regarding this approval, please feel free to contact me at (858) 650-4601.
