Re: SATAjet X 5500 RP Spray Gun (Non-digital and Digital)

Dear Mr. Stöver:

The Antelope Valley Air Quality Management District (District) has reviewed your communication dated November 5, 2018, requesting approval of the SATAjet X 5500 RP spray gun (Non-digital and Digital) as equivalent to High Volume – Low Pressure (HVLP). The District hereby approves the SATAjet X 5500 RP spray gun (Non-digital and Digital) as equivalent to HVLP under the same conditions as those specified by the South Coast Air Quality Management District in their October 26, 2018 letter (for automotive coatings only, operating pressure not greater than 29 psig and labeled accordingly, must be equipped and operated with a specified operating air micrometer).

If you have any questions regarding this letter, please contact me at (760) 245-1661, extension 6726.

Sincerely,

A handwritten signature in black ink, appearing to read "Alan J. De Salvo". The signature is fluid and cursive.

Alan J. De Salvo
Deputy Director – Mojave Operations
