Subject: Rule 67.20.1 approval for the use of the SATAjet 1500 B RP spray gun

The San Diego County Air Pollution Control District (District) has approved the SATAjet 1500 B RP spray gun as an alternative coating application method for motor vehicle and mobile equipment coating operations pursuant to District Rule 67.20.1. This letter serves as authorization for its use in San Diego County. This approval includes compliance with the following conditions.

1. SATA GmbH & Co. KG shall supply a copy of this letter with each SATAjet 1500 B RP spray gun sold or distributed for use within San Diego County. This spray gun is approved for the application of automotive coatings only.
2. This approval is only valid if the air pressure supplied to the SATAjet 1500 B RP spray gun is no greater than 29 psig. SATA GmbH & Co. KG shall supply written notification with each SATAjet 1500 B RP spray gun sold or distributed for use within San Diego County that the maximum air pressure supplied to the spray gun must not exceed 29 psig.
3. SATA GmbH & Co. KG shall supply a SATA air micrometer with gauge 0/845 (product 27771), SATA adam digital air micrometer with gauge (product 130146), SATA adam 2 digital micrometer with gauge (product 160853), or SATA adam 2 U air micrometer with digital gauge (product 195222) with each SATAjet 1500 B RP spray gun sold or distributed for use within San Diego County. SATA GmbH & Co. KG shall supply written notification with each SATAjet 1500 B RP spray gun sold or distributed for use within San Diego County specifying that the SATA air micrometer shall be attached to the spray gun and be in good working condition and reading no greater than 29 psig when the spray gun is in operation.
4. SATA GmbH & Co. KG shall add a clearly visible permanent label specifying that the inlet air pressure shall not exceed 29 psig to all SATAjet 1500 B RP spray guns sold or distributed for use within San Diego County.

5. This approval is only valid if during operation the SATAjet 1500 B RP spray gun is equipped with an effectively operational SATA air micrometer as described above, and is labeled as described above.
6. This approval is only valid for the SATAjet 1500 B RP spray gun model tested. Any modification of the spray guns or pressure gauge design shall invalidate this approval letter unless the modification is approved by the District.

If you have any questions regarding this approval, please contact me at (858) 586-2717 or douglas.erwin@sdcounty.ca.gov.
